

True productivity
for the real world.

Kodak

i700 Series Scanners

More choices, based on a tried-and-true performer

Choose from three **Kodak** i700 Series Scanners to ideally match the speed and volume requirements of your enterprise. The new **Kodak** i730 and i750 Scanners deliver all the advantages of the tried-and-true **Kodak** i780 Scanner, a *Better Buys for Business* Editor's Choice Award winner: the speed you need; automatic features like auto orientation for exceptional images every time; and rugged, reliable performance.

Three models delivering best-in-class productivity:

- i730 - 90 ppm
- i750 - 115 ppm
- i780 - 130 ppm

Real-world speed? We're true to our word

Unlike some scanners that make big promises but don't deliver on stated claims, **Kodak** i700 Series Scanners let you do more - faster - through real-world productivity that's 50 to 80% faster than competitors in real-world tests.

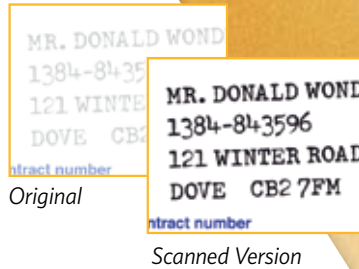

- Full-rated speed, even with all image processing features running - auto orientation, duplex, deskew, colour dropout, auto crop, dual-stream output and more
- Same true-rated speed at 200 or 300 dpi
- Cost-effective, model upgrade option to increase speed and productivity without buying a new scanner

Scan once for many formats

- Produce up to four different images in one pass
- Five output options - black-and-white, colour or greyscale, plus two dual-stream options: colour and black-and-white or greyscale and black-and-white
- Create one image data file for searchable text with OCR, create another image data file for storage

Kodak Service & Support

You can upgrade your standard warranty with a PerformancePlus service contract, which is designed to meet your specific business needs. It helps protect your productivity, avoids unexpected charges and, keeps your scanner performing optimally while protecting your business processes.

True colours and quality without extra effort

- Auto orientation feature analyzes document content on the fly so images are automatically displayed in correct-reading orientation
- Perfect Page technology gives you exceptional image quality automatically – often better than the original, even from less-than-ideal forms, photos and documents
- iThresholding delivers optimised black-and-white images by automatically determining the best adjustments for problem images, without operator intervention
- Auto colour detection for switching between black-and-white and colour or from black-and-white to greyscale scanning
- Electronic colour dropout eliminates form colour so only the necessary information is captured
- Auto cropping eliminates unnecessary borders
- Deskew to capture entire image and ensure no data is lost in the process

True productivity with reduced prepping, presorting, and resetting

- Put an end to presorting with auto orientation – each document is instantly analyzed and displayed properly, based on content
- Autofeed mixed batches of up to 500 documents, forms, photos, and graphics – from 64 mm x 64 mm up to 305 mm x 863 mm
- Tri-zone ultrasonic multi-feed detection recognizes labels, sticky notes and stuck-together documents (common in mixed-batch scenarios) to maximise uptime
- Choose high-, medium- or low-detection sensitivity – with flexibility to turn sensors on or off, individually

Combine i700 Series Scanners with Kodak Capture Pro Software – work smarter with a single capture-to-output solution

Out-of-the-box production scanning has never been easier or more powerful. Combine **Kodak Capture Pro Software** with an i700 Series Scanner for instantly optimised scanning efficiency. You'll love the added benefits: unlimited searchable PDF and no click charges. Quickly achieve maximum ROI with one of the most comprehensive yet easy-to-use capture solutions available.

Reliability, performance and speed for *your* world

Discover true productivity with **Kodak i700 Series Scanners**. Based on technology that's proven in the real world, the i700 Series Scanners deliver reliability and speed that's true to spec. Visit www.kodak.com/go/i700 and learn more today.

Kodak i700 Series Scanners

| | |
|---|--|
| Recommended Daily Volume | i730: up to 90,000 pages per day; i750: up to 115,000 pages per day; i780: up to 130,000 pages per day |
| Throughput Speeds (up to 300 dpi, landscape, letter-size documents) ppm=pages per minute, ipm=images per minute | i730: 90 ppm (360 ipm*); i750: 115 ppm (460 ipm*); i780: 130 ppm (520 ipm*) |
| Scanning Technology | Dual Tricolour Plus CCD, Greyscale output bit depth is 256 levels (8-bit), Colour capture bit depth is 40-bit (10 bits per red, green, blue and black channels), Colour output bit depth is 24-bit |
| Optical Resolution | 300 dpi |
| Illumination | Dual long-life Xenon lamps on each side, mercury-free |
| Output Resolution | Colour/Greyscale: 100/150/200/240/300 dpi, Bitonal: 200/240/300/400 dpi |
| Maximum Document Size | ADF: 305 mm x 863 mm, With short document exit tray: 164 mm x 164 mm |
| Minimum Document Size | 64 mm x 64 mm |
| Paper Thickness and Weight | With Standard feeder: 45 g/m ² bond to 200 g/m ² index With Ultra-Lightweight feeder accessory: 25 g/m ² rice paper to 75 g/m ² bond |
| Feeder/Elevator | 500-sheet elevator-design automatic document feeder with four settings: continuous feed, 100-sheet, 250-sheet and full 500-sheet batches; Short document exit tray included |
| Multi-feed Detection | With ultrasonic technology; three ultrasonic sensors that can work together or independently |
| Connectivity | IEEE-1394 (FireWire) Interface, 6-pin connector, IEEE-1394 card and cable included |
| Interface Support | TWAIN and ISIS drivers (included); document capture software from Kodak |
| Imaging Features (in the scanner) | Perfect Page Scanning, iThresholding, automatic colour detection, autocrop, aggressive crop, deskew, blank page detection and deletion, electronic colour dropout, dual-stream scanning, orthogonal rotation, automatic orientation, halftone removal, noise removal, toggle patch |
| On-board Compression | CCITT Group IV; JPEG or uncompressed output |
| File Format Outputs | JPEG (for colour and greyscale images); TIFF (for bitonal images) |
| Electrical Requirements | 100-240 V, 50/60 Hz |
| Operating Power Consumption | 200 watts maximum ; Power off Mode < 1 Watt |
| Environmental Factors | Energy Star qualified scanners: Section 508 Compliant; D.O.C. Executive Order 13221 Compliant; Mercury-free Xenon lamps; Operating temperature: 15-35° C; Operating humidity: 15% to 76% RH |
| Acoustical Noise (operator position sound pressure level) | Sleep mode: <42 dB(A); Operating mode: <61 dB(A) |
| Recommended PC Configuration | Pentium 4 2.4 GHz processor with 512 MB RAM |
| Supported Operating Systems | Windows 2000 SP4, Windows XP, Windows Vista (32-bit) |
| Approvals and Product Certifications | AS/NZS CISPR 22 Class B (C-Tick Mark), CAN/CSA-C22.2 No. 60950-1-03, Canada ICES-003 Issue 3 (Class A), GB4943, GB9254 (Class A), GB 17625.1 Harmonics (CCC "S&E" Mark), EN 55022: 2006 ITE Emissions (Class B), EN 61000-3-3 Flicker, EN 55024:1998 ITE Immunity, (CE Mark), EN 60950-1 (TUV GS Mark), IEC 60950-1, CISPR 22 (Class B), VCCI (Class A), CNS 13438:2006 (Class A), (BSMI Mark), UL 60950-1, CFR 47 Part 15 Subpart B (FCC Class A), Argentina S-Mark |
| Consumables Available | Feeder consumables kit, extra-large feeder consumables kit, imaging guide set, printer ink cartridge and carrier, transport cleaning sheets, roller cleaning pads, printer ink blotters, Staticide wipes, calibration targets, black imaging background |
| Accessories/Options | Ultra-Lightweight feed module; White imaging background; Manual feeder |
| Dimensions | Height: 40 cm, Width: 61 cm, Depth: 77 cm, Weight: 38.6 kg |
| Warranty** | 12 months on-site, up to 4 business days response time |
| Warranty Enhancement*** | 36 months PerformancePlus on-site, 8 hrs response, consumables included |

Specifications are subject to change without notice. Throughput speeds may vary depending on your choice of driver, application software, operating system and PC.

*ipm speeds based on dual stream output of four compressed images for each document scanned-bitonal and colour and greyscale.

**There may be geographical limitations to the availability of Services. For full details please contact your Reseller of Kodak products or your local Kodak Service & Support organisation.

*** Please see terms & conditions for PerformancePlus.

As an Energy Star® Partner, Eastman Kodak Company has determined that these products meet Energy Star® guidelines for energy efficiency.
