

NEWS RELEASE

06/04/2010

### **Avanquest Solutions changes name to Avanquest ProcessFlows**

For over 20 years, Avanquest Solutions has been helping enterprises streamline the way they do business and increase efficiency by automating the flow of information throughout the organisation. We are now going with the flow and changing our name to Avanquest ProcessFlows as of 31st March 2010.

“We feel that Avanquest ProcessFlows more accurately reflects the nature of our business” said Chris Thompson, Managing Director, Avanquest ProcessFlows. “Using a step by step approach, we can help organisations create unique business process-flows which integrate with existing line-of-business systems - dramatically enhancing the value of earlier investments in software and infrastructure.”

Very often, our unique [Discovery Service](#) uncovers opportunities to create massive efficiencies by implementing processes which intelligently capture, process, manage and deliver documents and data.

Avanquest ProcessFlows has helped thousands of organisations across many verticals – including [finance and insurance](#), [local government](#), manufacturing and [NHS](#) – speed-up business processes, enhance visibility and control of their data and improve document security. Solutions deliver tangible cost savings, reduce carbon footprint and convey a more satisfactory experience to staff and customers.

We have developed an automated claims handling process for [WK Webster](#), enhanced the [planning application processes](#) for local authorities, totally automated invoice processing at [LexisNexis](#) and helped the [NHS](#) develop a text appointment system.

Our web address will now be [www.processflows.co.uk/](http://www.processflows.co.uk/) and email addresses will follow the format of '@processflows.co.uk', e.g. sales will now be [sales@processflows.co.uk](mailto:sales@processflows.co.uk).

Avanquest ProcessFlows is the trading name of Avanquest UK Limited.

#### **Notes to Editors:**

Chris Thompson is available for comment.
